### *What people say about Rise services*

"My dream always was to work in the United States and make the most of all the opportunities available here. I did not want to just sit at home taking benefits from the government; I wanted to go to work and have a good job. If a person wants to get somewhere, he does whatever it takes to improve."

- Warsame Warsaali,  
Amazon Fulfillment Center

"I only want to work; I don't want to go on welfare. I have so much more energy and feel better healthwise and morally when I'm working. I tell people to just get up and go to work. I am so thankful for all Rise has done for me. I am so glad to go to work."
